

Activity sheet

Instructions: Observe the apple slices in the different environments at the stated time intervals and write your observations. You should describe the appearance (e.g., colour), the smell, the feel (texture) and the taste (if desired). You can use a hand lens if available and you can also take digital photos.

Apple:	Time of observation	Appearance, smell, feel, taste (if desired)
No treatment (Control) A	0 min	
	15 min	
	30 min	
	1-2 hours (optional)	
Immersed in lemon juice B	0 min
